Record

### Autonomous Mode
Moves on own to explore, plays basic songs & sounds. Always starts in this mode.

### Prowl Mode
On hunt, moves quickly, & attacks at will. Enter mode by pressing forward button 5 times.

### Excitement Mode
Plays upbeat songs & quickly scurries around looking for something new. Enters mode after IR sensor sees something new 9 times.

### Reclusive Mode
Cautious, backs up, & cowers from potential threats. Over scare & it might attack. Enter mode by pressing backward button 5 times.

### Wild & Wacky Mode
Happily confused, turns about, & explores surroundings. Enter by pressing left/right button 5 times.

### Guard Modes
Basic Guard: Stays in place & wait for IR sensor to detect movement. When movement detected will attack.
Patrol Guard: Patrols area until IR sensor detects movement. When movement detected will attack.

### Game Modes
Repeat After Me: LED array depicts pattern of arrows. LED arrows flash in sequence with sounds & colors. To play, press arrow buttons in same order as LED array. If correct will celebrate & continue to next level. If wrong will attack.
Venom Attack: Sit in circle with MeccaSpider in middle. Will turn around & randomly stop. It may attack with venom when it stops. May attack with venom at any time.
